

Special Education Needs Units

Unit 2 – Using Visuals Systems to Support Understanding

Aim – to support practitioners in developing the knowledge, understanding and skills required to effectively use visuals to support children's understanding.

CPD Hours – 10

Unit 3 – Emotion Coaching for Behaviour Support

Aim – to support practitioners in developing the knowledge, understanding and skills to offer emotion coaching to nurture children's self-awareness and to help them to manage their own feelings and behaviours.

CPD Hours – 15

Unit 11 – Writing behaviour support plans

Aim – to support practitioners in developing the knowledge, understanding and skills required to support them in identifying behaviour that challenges, to identify what triggers these behaviours and to create effective behaviour support plans to meet the individual needs of the children, in order to support positive outcomes.

CPD Hours – 15
